## How to have an affair - and not get caught!

### Tricks & Cheats

Long before the Super Bowl, the human race had already chosen its favorite sport: a game fraught with thrills and danger, played with equal skill by men and women, and popular in every corner of the world.

The sport is called cheating on your mate, and it's one of the few activities that seem to just thrive, unaffected by economic trends, war, peace or politics. The latest figures indicate that more Americans than ever are participating in extramarital sex. More than 40 percent of the nation's wives and 60 percent of all husbands reportedly enjoy sex with "forbidden" partners at least once.

Unlike other sports, which are governed by thick rule books filled with complicated regulations, cheating has one—and only one—simple rule: **DON'T GET CAUGHT!** If you do, the game's over. If you don't, then you can go on scoring for as long as you like.

While the days are gone (except in a few anachronistic places like Iran) when adulterers and adulteresses were boiled in oil, hanged, drowned, shot, beheaded, drawn and quartered, or had their favorite organs disfigured or cut off, the dynamics at work in the cheater's quest for secrecy have always been more complex than merely the fear of death as punishment. For many, the very aura of mystery and peril surrounding a clandestine

affair is the irresistible turn-on.

"The sex I enjoy with my lover is more thrilling than any I had before marriage or with my husband," says Toni, a systems analyst who's been coupling with Michael, one of her coworkers, for three years. "And I admit that part of what keeps me on the brink of orgasm all the time is the continual danger of getting caught. I feel as if Michael and I are living out the wickedest pages of those romance novels I used to read when my husband was too tired to make love to me.

"Although the back seat of Michael's car or a tiny motel room may not be the windswept moors and moonlit tropical beaches where I used to fantasize having midnight trysts with lovers as I was masturbating, the passionate sex we share there is every bit as exquisite as my wildest dreams.

"And while I sometimes have terrible nightmares about being caught together by one of our spouses, I can't help finding the possibility titillating.

The thought that Michael's wife could appear at the car window and discover me with her husband's dick in my mouth, kissing its round head and sucking it; or, that my jealous husband might someday break down the motel-room door just as Michael is thrusting his cock

into my pussy and starting to come, makes me shudder with excitement! It gives our lovemaking a desperate, feverish kind of quality, like kids in the forbidden frenzy of banging for the first time behind their parents' backs.

"Of course, I'd never actually want to get caught, but pretending and fantasizing about it adds a whole new dimension to sexual pleasure."

In fact, except for situations in which one's marital partner is a voyeur; or, the rare case when a cheater purposely sets out to flaunt his or her adulterous screwing

The risk of being caught is enormous. But so is it when cheating becomes habitual and couples insist on following their pleasure schedules come hell or high water, completely disregarding changes in the danger level.

A Connecticut pair used to meet every Thursday in a Manhattan hotel for an afternoon of extramarital sex. One week, despite the fact that the woman knew her husband would be in the same hotel attending a conference, they went ahead with their usual liaison. Almost inevitably, the cuckolded husband spotted them getting off an elevator together and the affair came to an abrupt and messy end.

One way to avoid this kind of disaster and greatly increase your odds of not getting caught is to forsake the practice of habitual adultery in favor of another method of playing the game—binge cheating.

Like binge eating, binge cheating means storing up your erotic appetite, then letting yourself go fuck wild when the time is right. Those longing hard-ons and swollen clits developed during the period of abstinence before a binge, like highly charged batteries, can produce an incredibly delicious explosion of pleasure when your desires are finally realized.

Whether your binge-banging is an annual event, like the adulterous couples in *Same Time, Next Year*, or takes place frequently, like the horny wanderings of a traveling salesperson, it's a matter of waiting

until the most propitious time, a period when your mate is physically absent or totally occupied, to indulge yourself in the joys of cheating.

"My wife is a flight attendant," says Ken, who has rekindled a relationship with one of the women he had dated before he and Lorraine got married. "The periods she's out of town vary from overnight to more than a week. Diana and I only see each other when Lorraine is on a long run, maybe 10 times a year.

"In fact, that's how our affair got started. Lorraine and I had a fight just before she left for Europe on a working vacation lasting ten days. It so happened that I reconnected with Diana on Facebook that week, the first time I'd heard from her in years, saying she and the guy she was living with had just split up.

"A few days after Lorraine left, I was still angry at

to achieve humiliating revenge against a spouse—even people like Toni, who relish the fantasy of having their illicit sexual activities discovered, in reality do everything they can to prevent it.

And there are proven ways of accomplishing this, of stacking the deck in your favor, so that the chances of being caught in the arms or legs of your lover are minimized.

The game of adultery isn't child's play, or they wouldn't have called it that. Successfully getting away with extramarital sex involves making mature judgments, some of which involve timing.

Few cheaters would be foolish enough to choose a cocktail party attended by both their spouses as the time to duck into a side room, strip their clothes off, and start screwing.

her and was growing more and more lonelier. Since my wife was thousands of miles away, I felt safe in calling Diana, really just looking for a sympathetic shoulder to lean on. She came right over, and then wound up spending the next week in my apartment.

"No words could really describe the fantastic sex we shared during that time. I'd been thinking about Diana all through my marriage, and whenever I remembered the great times we used to have together, I'd get a hard-on that wouldn't go down until I used it on Lorraine or jerked it off. Having Diana back in my arms after all that time was like a living fairytale.

"Did we fuck! It seemed that every time we'd look at each other, we'd want to start all over again. We'd meet after work every day and I'd sneak Diana into our apartment building, so the neighbors wouldn't see her. We'd start to have dinner, but before we were even half finished most nights, Diana would start throwing kisses to me and baring her breasts, or playing footsie, knowing I couldn't resist. Rushing around the table, I'd scoop her up in my arms or throw her over my shoulder and carry her to the bedroom.

"We enjoyed every imaginable pleasure that week. I fucked Diana over and over from the front and from the rear, alternating who took tops. I climaxed her with pussy-licking again and again, eating out her delectable vagina more eagerly than any meal. I rocked her pussy with dildos and vibrators and even gave her an enema, something I'd never done with Lorraine.

"I don't know how much cum I actually pumped that week, but it seemed like quarts. Diana sucked my cock each night, and then blew me again the next morning. And, like me, she also wanted to experiment with adventures she hadn't tried with her live-in boyfriend, like anal sex.

"I had no idea Diana's asshole was virgin, and when she asked me whether going Greek hurt, I eagerly offered to show her, slow and easy, stuffing her beautiful pink rosebud a fraction of an inch at a time. We both enjoyed the sodomy so much that we added it to our regular repertoire.

"Like all good things, though, our seven days and nights of almost nonstop fucking finally had to come to an end. Diana cried about it and I was miserable. The

only thing that got us through our goodbyes was the pact we made to do it again the next time Lorraine left on an extended run.

'We kept that promise and have been keeping it ever since. We're both just too cautious to meet at other times, fearing that Lorraine might find out. But we've both adjusted to it, spending the time between our thrilling sex binges by planning for and daydreaming about

the next one."

Nothing gives away a cheater faster than thinking like a cheater. The feeling that somehow it "shows," or that every little remark or gesture a spouse makes is a sure sign that he or she has caught on to your secret, can prove to be your undoing. The best rule is to relax and keep a cool head, no matter what happens.

When your significant other asks, "Where were you last night?" for example, it's no reason to break into a shivering sweat; or, like one woman did, to blurt out a confession, which came as a complete shock to her husband.

Chances are your partner is only making conversation, or seeking to satisfy a vague curiosity, and will be perfectly satisfied with "I had to work late" or "The

train broke down.” If, on the other hand, the questions indicate some suspicion on your spouse’s part, stay cool, calm, and collected and keep your answers to a minimum. Don’t elaborate unnecessarily and never volunteer specific information if it’s not true, like “I met Bobby and had a few drinks.” The odds are good that your mate will soon run into Bobby, mention your non-existent “meeting and the ball game will be over.

receipts or other mementos than for any other reason.

The same rule applies to the erotic objects and devices you share with your lover, but not necessarily with your mate. A forgotten pack of condoms in a pocket or purse has tripped up many a cheater. If you wear some special variety of clothing for your lover or use dildos, for safety’s sake it must be kept somewhere that your spouse will never discover.

Before returning home from a liaison with your paramour, conduct a careful self-inspection, and be diligent about it. One man was caught dead-to-right because of his lover’s lipstick—not on his mouth, neck or shirt collar, but on his dick! As he undressed that night, his wife spotted telltale scarlet rings covering his shaft, from the ridge of his glans to his scrotum.

Probably the best way to keep from getting caught when you’re having an affair is to learn to think like your spouse, to get inside his or her head and view your own behavior from the other person’s perspective. Like playing chess, try to think three or four moves ahead and predict what your partner’s reactions will be if you use one excuse or another cover story.

The fictions you create to disguise your cheating will depend for success on their sensibility—an appearance of logical truth—and your own credibility. You can enhance that credibility by creating diversions, actions aimed at throwing your spouse off the track and allaying any developing suspicions.

Besides remaining cool and tight lipped, make a special effort to be circumspect, especially about those damned “little things” that always seem to cause tragedies.

Never call your lover by his or her first name, for instance. Always use a pet term like “baby” or “angel,” so that the next time your spouse happens to take you for a hot orgasmic ride, you won’t express your appreciation by groaning out the wrong person’s name.

Benefit from the experiences of those who have learned the hard way, and keep all that sentimentality you feel toward your sex pet locked inside your head—not on your smartphone or the back of a dresser drawer. More affairs have been discovered by spouses coming across hidden photos, text messages, sexy underwear,

The most effective diversion can be to occasionally change the patterns of your affair. If you and your lover use late “business meetings” as your cover, try announcing one to your spouse as usual, but then come straight home, saying you decided to skip the meeting in favor of being with your partner for the evening. But never try to mask your affair by doing something especially thoughtful or bringing your mate a gift after a tryst with your lover; that would only create suspicion.

Finally, if your spouse happens to be friends with your lover, you face a special danger and must take extra measures to ensure that you don’t get caught. To do that, you must be sensitive to how the relationships within your classic “triangle” work.

The bottom line is that, on the surface, the same at-

titudes must prevail after an affair begins as before it started. If you suddenly act nervous, or your lover starts displaying hostility, red flags will go up. You should both pretend that absolutely nothing has changed between you.

“What got me in trouble with my wife was the fact that Rita and I tried to act too innocent,” says Leon. “She and my wife, Marlene, were best friends, and before we started seeing each other on the side, Rita used to kid around and flirt with me.

“It didn’t bother my wife at all. In fact, she got a kick out of it. As soon as Rita left, Marlene would pet my hard-on and ask me how I liked Rita’s tight skirt or

“She moaned, squeezing her tits and rubbing her pussy, as I took her shoes off and kissed her nylons from the toes to the tops, licking her feet and biting her thighs. As she spread her legs wide, I buried my head in her crotch and started tonguing her cunt. Licking away at her moist twat lips, I tickled Rita’s erect clit with the tip of my tongue, until she blew off a screaming orgasm that rattled the windows.

“As I stood up, she yanked my fly down and popped my cock in her mouth, sucking my meat until a full load of jizz squirted into her face. From that night on, Rita and I were a pair. I spent my ‘bowling nights’ at her apartment, met her for lunchtime fucks, and whenever we could, we got together for quickies.”

But Leon and Rita made what would prove to be a fatal error. For fear of alerting Marlene to their illicit banging, they started acting cold and indifferent toward each other when she was around.

“Rita kept her skirt down and stopped the flirting jokes,” says Leon, “and I began to claim that she really didn’t turn me on when Marlene asked, in spite of the fact that my hard-ons for her were obviously bigger than ever.

That’s what tipped my wife off. She hired a detective, who caught us bare-assed together in the back seat of my car.”

Like athletes in other sports, cheaters have to stay in shape, play alertly, and above all, keep their eyes on the ball. But before you get too worried about not getting caught, are you certain that your spouse would react negatively to finding out about your adulterous affair?

Americans are the world’s champions at spectator sports, and it’s just possible that the mate you’ve been working so hard to keep secrets from would actually welcome the chance to be the audience and cheer you on.

There are more voyeurs per capita in the good ol’ U.S.A. than anywhere else on Earth, and dropping the right hints to find out if your partner is among them could yield a surprise answer that would end your need to sneak around.

Worth a try, isn’t it?

string bikini. I didn’t mind admitting that she turned me on and letting Marlene jerk me off or suck the hard-on Rita had given me.

“It took a long time and a lot of fantasizing before I finally got up the courage to make a move on Rita. One night, when Marlene was out to the store, Rita sat winking and adjusting her garters, an old trick she liked to pull. I don’t know what gave me the balls to do something this time, but I knelt down in front of Rita and started fondling her legs.

# a tale of a terrific tail class ass

I was ashamed, but I couldn't help myself. Joanie's ass was more temptation than any man could stand. Two days of working for Mr. Bradley, and already I had my prick in his daughter's sweet cunny. I should have seen it coming. Right from the start, I couldn't take my eyes off her. Joanie is the cutest thing. She has long black hair, big brown eyes and a killer of a body. I teach school and usually try to get some part-time work over the summer. Psychology is my hobby. I love to study people. The extra money doesn't hurt, either.

Since I earn my living with my head all winter, I try to find something physical to do in the summer. Mr. Bradley's country store was the perfect place to work. There were lots of shelves to stock and boxes to lift, and his customers were a psychologist's dream.

Only one problem, though. Instead of studying the customers, I couldn't stop studying Joanie's sweet little ass. She seemed to take delight in displaying it at every opportunity. Every time she bent over or stood on her tiptoes to reach something on a high shelf, that beautiful ass jutted out. So round, so firm, so ready to be kissed—and fucked.

I spent half of my first day on the job with a hard-on. The gleam in her eye told me that little vixen knew exactly what she was doing to me.

Most of the time, her father was nearby, so all I did was watch and drool. I couldn't

wait for quitting time. I needed relief, if only from my hand.

The job came with room and board, so after we locked up, Joanie walked me to my room, which just so happened to be next to hers. Once we were in the room, she didn't seem to want to leave. I didn't mind. I liked having her so near. But with her dad right down the hall, I did not dare do anything.

She showed me where the fresh towels were, and then turned to leave. Almost as an afterthought, she walked over to the wall that separated our rooms and pointed to a spot about two feet from the floor.

"The last man that worked for Daddy was a real weirdo. He drilled this hole in the wall. It goes through to my room. I don't know for sure, but I think he liked to watch me undress." She blushed as she told me the story. "You're not like that, are you?" she asked in a throaty whisper.

"No," I lied, finding it hard to believe that she was really so naive. Then she smiled and left the room.

About an hour later, she called me down for supper. The freshly baked biscuits and country ham were delicious. The girl was a great cook, but I had trouble swallowing. She had changed into a pair of shorts that let at least half of her lovely ass hang out.

I had to grit my teeth and clench my fists to keep from grabbing her sweet little ass every time she bent over. It

seemed like she did that a lot.

There was no TV in the house, so I was back in my room by seven-thirty. I lay on the bed, bored. I was leafing through a magazine when I heard her door close as she entered her room. In no time I was sitting on the floor with my eye glued to the peephole.

She gave no indication she knew I was watching. She stood at the mirror, combing her long black hair. It was so clean and so shiny that it glowed. But the best part was still that ass. It wiggled so nicely as she vigorously brushed her hair. When she finished, she stretched like a cat just waking from a nap. Those shorts rode even farther up her sweet buns.

By that time my prick was as hard as steel. It strained against my jeans, begging for release. I stood and undressed quickly. I sat right back down, naked, with my prick in my hand. In the short time that my eye had been away, she had removed her shirt and bra. Her tits were small, but they stood out proudly from her chest. Almost as if she could tell I was back, she began teasing the big pink nipples, until both of the sweet darlings were stiff.

I almost shot off all over the wall, just from watching her play with her tits. But just in the nick of time I took my hand off of my throbbing prick.

The chick was a master of the striptease. She played with those beauties for nearly a half hour. I wanted to yell, "Show me more!" But of course, I didn't. I watched and waited. The position gave me a horrible kink in my neck, but dynamite would not have budged me from my vantage point. Finally she walked over to the peephole. She turned her back,

and with her ass only inches from my face, she very slowly pulled the shorts down over her firm hips.

Her panties were nude colored and almost transparent. The crack of her lovely ass was clearly visible. Next, she turned around to give me a view of the front of her young body. The fuzz on her pubic mound was outlined by the thin material. The panties clung to the lips of her silky pussy.

I wished my tongue were ten inches longer. I think I would have

stuck it in the hole and licked that sweet box. Instead, I watched and jerked off. With her pussy only a few inches from the hole, she put a hand down and slipped it under the leg band of her panties.

I watched in amazement as her finger disappeared into her wet tunnel. She stood there fingering her pussy for a good ten minutes, as I stood there helplessly. Finally she stiffened and pushed her finger deep into her cunt. She began to gasp and moan as she had two orgasms before she pulled her hand away. Her finger was slippery with her juice.

Still I held back. I didn't come, but I was on the peak. One stroke and I could have covered the wall with my hot load. But it felt too good. I wanted to prolong the sensation. Unfortunately for me, the masturbation seemed to satisfy her. Without taking off her panties, she climbed into bed and turned out the light. It was now too dark for me to see anything.

I still had a hard-on, and something had to be done. I found myself wishing that I'd come with her. Now all I had was the memory to savor while I jerked off. I decided to go to the bathroom to do it. I didn't want to make a mess in my room. I had

a feeling this would be a record load.

I slipped into my robe and very quietly opened my door. My stiff prick made a tent out of the front of my robe. I figured that I could make the few yards to the bathroom without being seen. I managed and closed the door behind me. I was surprised to find that the lock was broken. I was too horny to let that stop me.

I sat on the john, threw my robe open, and began pounding my rock-hard meat. I guess my eyes were closed, because I didn't see the door open. "Don't you like me?" whispered a timid female voice.

I jerked my eyes open and fumbled with my robe, trying to hide my erection. Joanie stood in the doorway, still dressed in only her panties. She tried to stifle a smile. Then she closed the door behind her and leaned against it. The bathroom was so small that I could smell her dripping pussy. It didn't help my condition at all.

"The last guy who stayed in your room used to squirt his cum through the hole in the wall when I played my little game. You didn't. Don't you like me?" She spoke with a pout on her lips.

"I didn't know..." I stammered. "Then you looked? I was hoping you would." Her hand began a slow path up her thigh, toward her wet snatch. Her eyes told the whole story. She wanted sex, and she wanted it now.

Even with her father right down the hall, I had to do it. My dick would let me do nothing else. I threw the robe open and let her see my steel-hard cock. She moved forward and very gently touched the shaft. "Let's go to my room," she whispered. She led me out the door, down the hall and into

her room, with her hand still on my prick.

Once we were safely inside her room, she stood facing me and put to my lips the finger that had been so recently in her snatch. I licked it like a peppermint stick. I felt the silk panties and the heat of her wet, hot pussy press against my prick, as I stood there licking her finger. "Do you like my taste?" she whispered, as her lips replaced her finger.

Her tongue filled my mouth. I put my hands on her hot ass and crushed her to my body, as our tongues explored

each other's mouths. Finally I pulled my mouth away and told her to bend over. She did exactly that. Her head rested on her arms on the bed, while that mouth-watering ass wiggled in midair.

Quickly I pulled her panties down to her ankles. Her crotch was warm and wet. She was dripping like a faucet. I ran my tongue up the tight crack of her ass; then I stood up to put my cock in her hot box, from the rear. I almost lost my load when I felt her pink anus quiver as my tongue passed over it.

I grabbed her hips and buried my prick in the slippery, steaming cunt. She came before I hit bottom. I managed five or six strokes before I exploded, bathing her tight tunnel with my hot seed. When I recovered my senses, I quickly returned to my room. I swore to myself that it wouldn't happen again, but Joanie had other ideas.

"Wait until tomorrow night," she called out through the hole. "I'll put my hot ass so close to this hole that you'll be able to do more than peep."

It was a real challenge for an ass man like me. And you can believe that I made the best of it—one of the best licks of my life!

## PLAYTIME FOR THREE

Hi, that's me Sarah, on the right. I've invited a couple girlfriends over for some sexual bonding. Life is filled with uncountable possibilities, and the world's full of opportunities for us women. Especially the broad spectrum of sexuality, sensuality and eroticism fascinates and attracts us. Let's ponder that and get down to fucking!
